

How to Pay with PayPal if You Don't Have a PayPal Account

Did you know? You ***DON'T*** have to have a PayPal account to use PayPal to pay for your Rockville Express purchases or donations! PayPal is a secure, fast, and easy way to pay.

When you want to use PayPal to make a Rockville Express purchase, you click on a “Buy Now” button, or a “Donate” button. For some things, like photo purchases, you may receive a PayPal invoice via email. Whichever way, you should get a PayPal payment screen that looks something like the example below.

The trick is to look for the link that says something like “***Don't have a PayPal account?***”.

If you do not have a PayPal account, click the link on your screen or email similar to the one outlined with a green box in the example below. The green box does not appear on the screen. It is just to highlight things here.

The screenshot shows the donation page for Rockville Community Baseball, Inc. At the top, there is a language selector set to "U.S. English". Below that, a table prompts the user to enter a donation amount. The table has columns for "Purpose", "Donation amount", and "Total". The purpose is "Rockville Community Baseball/Rockville Express". The donation amount field is empty, and the total is also empty. Below the table, there is a currency selector set to "\$ USD" and an "Update Total" button.

Below the table, there is a section titled "Donate quickly with PayPal" with the PayPal logo and "Secure Payments" text. Below this, there is a paragraph stating: "PayPal securely processes donations for Rockville Community Baseball, Inc.. You can complete your payment with just a few clicks."

Underneath, there is a section titled "Why use PayPal?" with three bullet points:

- It's easy to send money and shop online
- You can donate without sharing your financial information
- Over 50,000 online merchants accept PayPal

Below the bullet points, there is a green box containing the text: "Don't have a PayPal account? Use your credit card or bank account (where available). [Continue](#)". Below this box are logos for VISA, MasterCard, American Express, Discover, and BANK. A green arrow points to the "Continue" link.

Below the green box, there is a yellow box containing the text: "Log in here if you DO have a PayPal account". A yellow arrow points to the "Log In" button in the "LOG IN TO PAYPAL" section, which has fields for "Email:" and "Password:" and a "Log In" button. Below the "Log In" button, there is a link for "Forgot email address or password?".

This should take you to a payment page similar to the next example.

If you do not have a PayPal account, fill in the information highlighted in green. Again, the green doesn't show up on your screen, it is just to illustrate here.

After this it should be very similar to any online purchase. You do not have to sign up for a PayPal account (although they encourage you to).
